Corporate Memberships and Sponsorships

Memberships

The Obed Watershed Community Association (OWCA) welcomes corporate memberships and sponsorships. Memberships are a flat fee of \$200 annually with an annual anniversary renewal date. It entitles the corporation to all the benefits of membership, up to 10 copies of our monthly newsletter and/or unlimited email newsletters. Corporate members are listed in every newsletter and on our website. Corporate members may also designate up to five people as its representatives, which entitles them to discounts on OWCA products, such as rain barrels.

Sponsorships

Sponsorships are customized to the needs and interests of our corporate partners. This is a relationship that involves a more active involvement in the work of the organization. It can include such things as sponsoring projects (such as a stream clean-up, stream restoration, or other hands-on project), events (educational, outreach, or fundraising), or programs (school outreach, stream monitoring, or general public education). This sponsorship usually involves both financial support as well as active participation by the corporation with volunteer labor, and may also include in-kind services or the donation of goods or equipment. Sponsors are also listed in both the newsletter and on the website and their partnership is acknowledged in all publicity for projects or programs where they are a sponsor. Contact Dennis Gregg to begin the conversation.
